Statement of authorship

S.V. and L.B. designed the project. L.B. ran the simulations, performed the analyses, produced the figures and wrote the manuscript with inputs from all co-authors.

Data availability statement

R scripts for generating, analysing and visualising the data are available at <https://github.com/Buffer3369/GABI-gen3sis.git>. Simulation landscapes and config files are available at <https://doi.org/10.6084/m9.figshare.31160704>.

Keywords

Biotic Interchange; Eco-evolutionary simulations; Macroecology; Palaeoclimate

Additional data

- *running title* : Palaeoclimate and the Great American Interchange
- *article type*: Letter
- *abstract word count*: 150
- *main text word count*: 4974
- *number of references*: 57
- *number of figures*: 4
